#### **MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

The key areas of Management Discussion and Analysis are given below.

#### **INDUSTRY STRUCTURE & DEVELOPMENTS**

During the financial year 2012-13, the Indian economy faced significant strains in its growth rate. There was a sharp decline in GDP rate from 6.2% in 2011-12 to 5.4% in 2012-13. The economic slowdown had a significant bearing on the functioning and profitability of NBFCs in the medium term. The high level of Fiscal and Current Account deficits had a dampening effect on the Indian economy. The tightened liquidity also affected the functioning of Capital markets. In order to control the soaring inflation and to strengthen the Indian economy, RBI introduced several fiscal measures during the year. With the intervention of RBI, your Company expects a favorable market in the years to come

#### **SEGMENT WISE PERFORMANCE**

The Company is engaged primarily in the business of financing and accordingly there are no separate reportable segments.

#### **OUTLOOK**

The economic slowdown had a significant bearing on the functioning and profitability of NBFCs in the medium term. But it has been estimated that in the long run there are vast opportunities for NBFCs. Hence, the Company is expecting to improve its performance and profitability in future.

#### **OPPORTUNITIES & THREATS**

Business opportunities for finance companies are enormous as the new areas and segments are being explored. A larger segment of customers remain unserved by Banks and large sized Finance Companies. Your Company on its part is also well poised to seize new opportunities as they come.

The major threat being faced by finance companies are regulatory changes, interest rates hiked by RBI, high inflation etc. The Company is also facing stiff competition from banks / financial institutions due to their ability to raise low cost funds which enables them to provide funds at much cheaper rate.

#### **RISKS & CONCERNS**

As a NBFC, your Company's growth and profitability are dependent on the functioning of Capital Markets. The Company is exposed to several market risks like credit risk, liquidity risk and interest rate risk. The volatility of the capital markets in which your Company operates is also a major cause of concern to the Company.

#### **INTERNAL CONTROL SYSTEM AND ADEQUACY**

Internal control systems and procedures in the Company are commensurate with the size and the nature of Company's business and are regularly reviewed and updated by incorporating changes in regulatory provisions in order to safeguard the assets and to ensure reliability of financial reporting.

#### **HUMAN RESOURCES**

The Company provides a fair and equitable work environment to all its employees. The Company is continuously working to create and nurture an atmosphere which is highly motivated and result oriented.

#### **FINANCIAL PERFORMANCE**

The financial performance of the Company for the year under review is discussed in detail in the Directors Report.
